To: Central Intelligence Agency  
Via: Commandant of the Marine Corps (Code AO-2)

Subj: Guest Speaker; request for

1. This Headquarters coordinates a specialized mobilization readiness training program for Reserve Intelligence Personnel. Part of this training is centralized during 20 July to 3 August at Marine Corps Air Station Cherry Point and 17 to 31 August at Marine Corps Air Station, El Toro. SECRET
2. Predicated on the outstanding presentation made by  at the Reserve Intelligence Central Seminar last year, it is requested that this Command be furnished a guest speaker by your agency again this year. A lecture on any phase of intelligence processes would be valuable. Our objective area for studying these processes is the east coast of China. Our training plan encompasses the following sectional training: -- Geopolitical area and order of battle analysis; targeting and reconnaissance (including photo, electronic and radiological); and pilot requirements for evasion, escape and interrogator resistance techniques.
3. Speaker dates can be coordinated to suit the pleasure of the Central Intelligence Agency, however suggested dates are listed in preferential order - 29 or 30 July at MCAS - Cherry Point and 26 or 27 August at MCAS - El Toro. All participating intelligence personnel, approximately one hundred at each training site, have a Final Secret clearance or higher.
